ABOUT

Final-year B.Tech student and aspiring Full-Stack Developer with hands-on experience in building responsive web applications and scalable backend systems. Proficient in HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. Passionate about solving real-world problems through clean, efficient code and eager to contribute to innovative software development teams while continuously learning and growing.

EDUCATION

Newton's Institute of Engineering

Bachelor of Technology in Computer Science and Engineering

June 2023 – Present

Krishnaveni Junior College

Mathematics, Physics, Chemistry

June 2021 – April 2023

Kids Patasala E.M High School

SSC - 10th class

June 2019 – April 2020

EXPERIENCE

Full Stack Web Development Intern

May 2026 – June 2026

Future Interns

- Developed responsive full-stack web applications using React.js, Node.js, Express.js, MongoDB, HTML, CSS, and JavaScript, with RESTful APIs and CRUD functionality.
- Built real-world projects including a Personal Portfolio Website and a Client Lead Management System (Mini CRM), focusing on responsive UI, backend integration, and database management.
- Applied Git/GitHub for version control and followed clean coding, debugging, testing, and documentation practices while developing scalable web applications.

PROJECTS

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase technical skills, projects, resume, and contact information with a modern and user-friendly interface.
- Implemented interactive sections including About, Skills, Projects, Experience, and Contact, ensuring seamless navigation and an optimized user experience across devices.
- Integrated a contact form with backend support, followed SEO-friendly development practices, and managed the project using Git/GitHub for version control and deployment.

Client Lead Management System (Mini CRM)

- Developed a full-stack Client Lead Management System to efficiently manage customer leads through a responsive admin dashboard with an intuitive user interface.
- Implemented RESTful APIs, CRUD operations, and MongoDB integration to store, retrieve, update, and manage lead information and follow-up records.
- Built features for lead status tracking, secure admin authentication, and follow-up management while using Git/GitHub for version control and project management.

SKILLS

Languages: C#, C, C++, Java, JavaScript, SQL, Python

Technologies: Web API, Git/Github, HTML, CSS, ReactJs, Next.js, Node.js, ExpressJs, Swagger, YAML

Databases: MySQL, PostgreSQL, MongoDB
